

WISA block™

Making construction safer

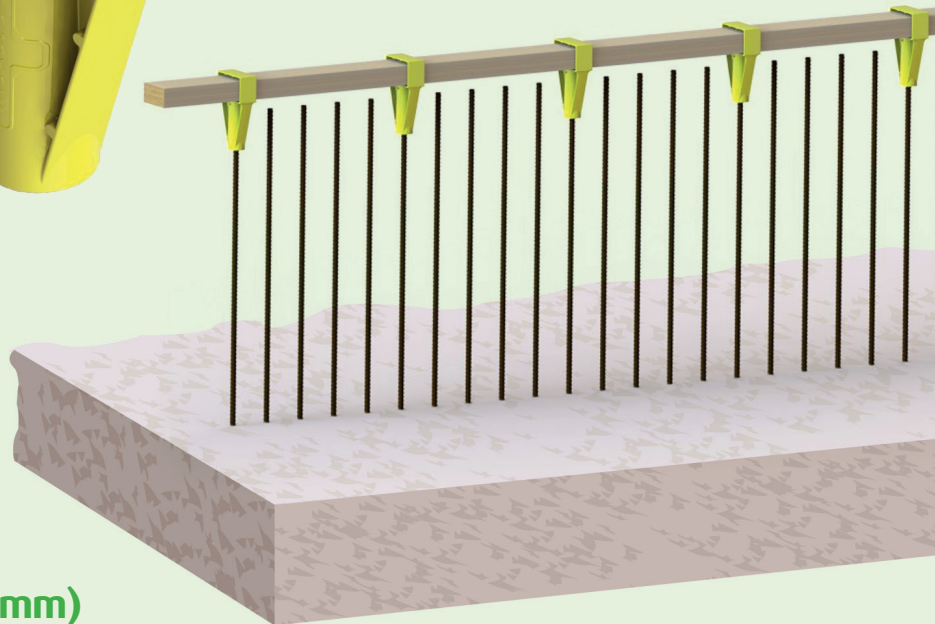

Reducing the risk of impalement

WISA block™

- Robust and strong
- Economic, multiple uses
- Easy to install
- Cost effective - not required on every bar
- One size fits all (10mm - 32mm)
- Provides protection from impalement
- Uses standard 4"x 2" timber
- Forms a natural handrail

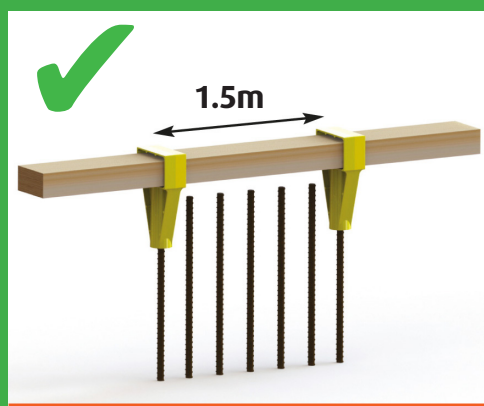

Tested to OSHA requirements with
(114kg weight) dropped from
3m height (OSHA 1926.701b)

Improving choice, quality and service

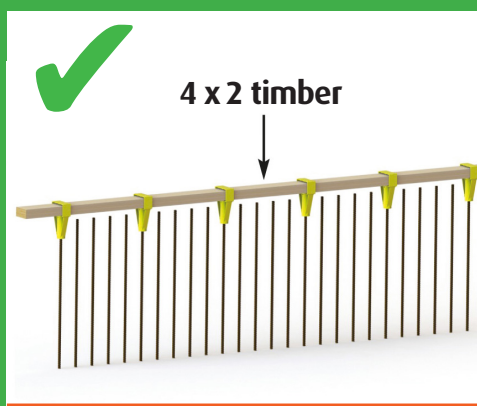

Approved installation guidance

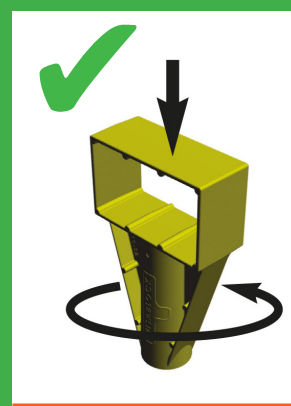

To ensure the ultimate protection from the WISA block™ system, please follow the guidance below:

- Place blocks 1.5m apart

- Only use 4 x 2 timber (steel tubes are prohibited)

- Apply the block using a twist and push down action

- DO NOT use as a working platform
- Damaged blocks must be REPLACED IMMEDIATELY
